

Pan Disc Covers 立盘过滤机（多圆盘过滤机）

Demanding filtration processes across an array of market sectors can vary significantly, that's why at markert, we offer an extensive range of media and products that provide unsurpassed process performance to maintain high levels of separation. 一系列市场领域对过滤工艺的要求可能会有很大差异，这就是为什么在 markert，我们提供广泛的介质和产品，提供无与伦比的工艺性能，以保持高水平的分离。

Consuming less space and are more efficient in lowering your production's carbon footprint, the Rotary Vacuum Disc Filter is commonly found in many varied applications including Alumina Hydrate, Coal, TiO₂ and mineral beneficiation processes. markert 根据您的要求（从织造规格到温度和化学限制）构建定制解决方案，以确保您的 ZUI 终产品达到 Zui 高质量

Precision-woven Pan Filter Media have been developed for adequate, consistent drainage, cake formation and washing to ensure a clean, evenly distributed, dry filter cake for subsequent discharge in alumina hydrate, phosphoric acid and titanium dioxide applications amongst others.

精密度-织物平盘过滤机过滤介质已经制定出了足够的、一致的排水,蛋糕形成和洗涤,确保一个干净、均匀分布的,干燥的滤饼后续排放在氧化铝水合物,磷酸和二氧化钛和其他应用程序。

Fabric and elastomeric disc covers featuring tight seals have been perfected over many years to optimize washing, lower filtrate solids and reduce moisture content. High drainage properties also help our customers achieve capacity gains in typically heavy duty applications.

织物和橡胶阀瓣,封面紧贴密封已经经过多年的完善优化洗涤,降低滤液固体和减少水分。高排水性能也帮助我们的客户实现收益能力通常重型应用程。

All fabrics are developed in partnership with clients using state of the art technical textile and testing technologies which enable us to match our materials to your desired filtration characteristics.

所有的织物是与客户合作开发的使用先进的技术纺织和测试技术,它使我们能够符合我们的材料成你想要的过滤特性。

Benefits of markert's Rotary Vacuum Disc Filters

markert 旋转式真空盘式过滤器的优点

We work with you every step of the way to tailor the best solution for your production and equipment 我们与您合作，为您的生产和设备量身定制最佳解决方案

We develop and weave our own fabrics for a vertically integrated solution to your process needs.我们开发和编织自己的面料，为您的工艺需求提供垂直整合的解决方案。

High filtration efficiency and throughput

高过滤效率和吞吐量

Robust materials for long operational life 坚固的材料，使用寿命长

Excellent cake release and cleaning 出色的蛋糕释放和清洁

苏州玛柯特环保科技有限公司 Suzhou Markert Environmental Protection & Technical Co.,Ltd

No.36.Guangling Rd, ,Zheng yi Town. Kun shan county. Suzhou City 215122 Jiangsu, Province .China
江苏省苏州市昆山市正仪镇广陵路 36 号 office:苏州工业园区唯亭镇青苑五区 11 幢

Fabricated in our purpose built facilities located close to our customers around the globe 在我们靠近全球客户的专用设施中制造

Various closing options to suit your suspension method including zippers and Velcro 多种闭合选项，适合您的悬挂方式，包括拉链和尼龙搭扣

Markert bags are valued by end-users and OEMs running these disc filters:使用这些盘式过滤器的最终用户和原始设备制造商对我们的滤布很重视
